

New Discount Schedule as of July 1, 2011

In place of a minimum wholesale order, there now is a discount schedule based on the total amount purchased in a given month. Orders can be of any size and the invoiced amount will be based on the total amount ordered for that month.

Discount Schedule				
Total Monthly Purchase	\$400	\$800	\$1200	\$2000
Discount from Price List	5%	10%	15%	20%

It is OK to make a large order one month and none the next to get a larger discount. Prices can change on a monthly basis and have been increasing because of a high demand for corn and a steep increase in transportation costs. We have seen price increases in the range of 5 to 10% over the last two months.

Orders placed before noon for in stock items will usually be delivered by the end of the next business day. Non-stocked items will usually be delivered as soon as they become available.

Align your brand with your commitment to sustainability

We offer custom printing on many of the sustainable products. Let us work with you to find the best way to display you logo, message or graphics. If you have a fresh idea or design for an eco-friendly product we can help you turn it into a reality. All custom printing can be done with soy and water based inks that are certified free of heavy metals by the Coalition of Northeastern Governors (CONEG) and FDA approved safe for use with food. Please call us , to inquire about order minimums, colors and lead times for your custom print needs.

The following is a list of products available for custom print:

- Wrapped Cutlery Sets; Clear Cold Cups; Paper Cold Cups; Wrapped Straws; Clear Souffle Portion Cups; Paper Hot Cups & Sleeves; Lids and Tops of Pulp Food Containers; Pulp Clamshell Boxes; Clear Snack Bags; Bread Bags; Paper Bags; Sandwich Wrap; GSO Gummed Tape; Wine Bags & Cardboard Carriers; Paper Food Boxes & Takeout Containers; Beverage Napkins; and Bioplastic Bags.

Blue Bottle Coffee Went Green with Printed Compostable Hot Cups

If you don't see what you need on this list call us. We would love to collaborate with you to develop just what you want - and we love a challenge.

Featured Produce Bag & Snack Bags that can be custom printed

Mater-Bi™ Printed Produce Bags

These custom printed produce bags can be ordered through our sales department. They are a natural chemical-free alternative to conventional, polyethylene produce bags, made from GMO-free starch, biodegradable plant-based polymers and other renewable resourced. They are printed with soy-based inks and dyes. Clear enough to see the contents, strong enough to hold it. They fit on a handy dispenser, making them convenient for the customer to use. They meet ASTM 6400 compostability specifications and are DEBIO certified for use in organic agriculture.

NaturFlex™ Compostable Snack Bags

see page **12**

NatureFlex™ bags are made from cellulose derived from renewable wood pulp that is sustainably harvested from Forestry Stewardship Council (FSC) certified forests. These clear bags are suitable for both warm and cold foods and ideal for packaging sandwiches, wraps, bakery goods, confectionery and dry snacks. ASTM 6400 certified compostable.

Ingeo™ Resealable Tape Flat Snack Bag

see page **12**

Pack cold foods such as snacks and sandwiched in these crystal clear, resealable bags made from Ingeo™ - a NatureWorks® biopolymer derived from renewable, plant-based resources, not petroleum. They feature a 1" lip and 1.2 ml tape. ASTM 6400 certified compostable.

New Products

Table of Contents

Kraft Hot Cups lined with compostable Ingeo™ see page **7**

These Kraft Hot Cups are brown paper on the outside with white paper on the inside. They are lined with Ingeo™ making them fully compostable. The white paper inside is Elemental Chlorine Free (ECF) which means they are bleached without elemental chlorine. The layers of paper add an insulating property to the cups. They are heat resistant up to 200 degrees Fahrenheit. Green print on the cups identify them as 100% compostable. Available in 8, 12, & 16-oz sizes. Compostable Lids sold separately. FSC certification of the paper used in these cups is in process.

Room For™ Coffee Conserving Hot Cups see page **7**

Room For™ Coffee Cups use an inverted volume indicator allowing customers to indicate how much room should be left for milk or cream. Instead of having to pour out coffee to make room for cream the customer need only say "May I have room for two?". The cup is filled only to the number 2, leaving room for two ounces of milk or cream. When using these cups coffee drinkers get a better cup of coffee, retailers stretch the value of the coffee bean, and we all benefit from a more efficient use of fresh water.

For more information about these innovative cups go to: www.roomfor.org

FiberPac Catering Trays & Lids from Recycled Fiberboard see page **14**

FiberPac is made from 100% recycled corrugated fiber board. Designed to fulfill the expectations of the greenest customers in the marketplace. FiberPac has no additives, blended components, or poly laminations. It's simply raw pulp fiber configured into innovative shapes and sizes to give the foodservice operator a unique way to transport insulate, and present their food. The Catering Trays and Lids are made from 100% recycled materials and 90% post consumer waste paper. Compostable & recyclable.

FiberPac Window Lunch Box see page **14**

The Lunch Box is made from 100% recycled materials and 35% post consumer waste. The clear acetate window film is recyclable. The boxes are printed with water-based inks allowing them to be both compostable and recyclable. These rectangle boxes are sturdy and stack easily making them a great way to carry and present a catered box lunch.

Natural Kraft Food Trays now in eight sizes see page **14**

Stackable food trays made from natural kraft paperboard using FDA-approved, chlorine-free manufacturing process. They are sturdy, stackable and great for serving fried foods, sandwiches and other take-out foods at concession stands, drive-through windows, and snack bars. Now available in eight sizes: #25, #40, #50, #100, #200, #250, #300, and #500.

BeGreen Packaging - Bulrush Food Tray with Lid see page **15**

Bulrush plants are collected from the wild and pulped to produce attractive, durable, food containers. Good for hot or cold foods, microwave and freezer safe, BPI certified compostable. Available in 16 & 24-oz fiber trays with the companion recyclable PET Lid.

A Selection of Brands We Offer

Table of Contents

SpudWare® : Bio-plastic, high heat resistant cutlery. Made from 80% vegetable starch & 20% natural fillers. An excellent alternative to plastic cutlery.

eco-gecko: Wooden cutlery made from sustainably harvested, high quality birch wood.

BagasseWare® : Paper products, plates, cups, trays, bowls, and food containers made from sugarcane, wheat, bamboo or rice based pulp fibers. Microwave safe, freezable and compostable. A durable replacement for Styrofoam. ASTM D6868 certified compostable.

EATware™: BagasseWare® plates & bowls with organic additive making it resistant to oil & water.

Bridge-Gate: BagasseWare® plates, trays, bowls, & food containers made from wheat straw, using a patented zero pollution pulping process. Natural color, microwavable, water & grease resistant.

BeGreen Packaging LLC: BagasseWare® sushi trays, portion cups, supermarket trays, & food boxes made from bulrush natural fibers that are rapidly renewable and GMO free. Compostable.

Verterra: Elegant, earth friendly plates, bowls & trays made from fallen leaves & water. Compostable

Ingeo™: NatureWorks® biopolymer resin made from annually renewable plant-based resources. Used to make clear food containers for cold use. ASTM D6400 certified compostable.

Greenware®: Premium quality, clear cold cups, portion cups, and lids made from Ingeo™

NaturesPLastic™: thermoformed plastic food containers made from corn or other plants. Brands include: VersaPak, SeeShell, JustFresh.

ecotainer®: Chlorine-free, paper hot & cold cups, & soup containers made from sustainably harvested trees; lids & linings from Ingeo™. ASTM D6400 certified compostable.

Bio-Plus® Earth: Take out food containers made from 100% natural kraft recycled cardboard.

NatureFlex™ by innovia films: Clear, cellulose-based food films. Oven safe, moisture resistant heat sealable, resealable, ideal for wrapping and bagging food ASTM D6400 certified compostable.

Envirojolt®: Compostable carryout bags, deli / sandwich bags, & Quicksheets®

ECOSAFE® : Leak-proof trash can liners. ASTM D6400 certified compostable.

Earth Friendly Products: Industrial strength cleaning products made from natural ingredients. Recognized by EPA's Designed for the Environment (DfE) Program, USDA Biobased Certified.

Products labeled as compostable are 100% compostable in actively managed municipal composting facilities.
